Jameson Stafford, *Soil Compaction*  
St. Joseph Catholic School, Fort Atkinson

**3rd Place:**

Sam Murphy, *Buoyancy*  
St. Joseph Catholic School, Fort Atkinson

**4th Place:**

Savanna Hendrickson, *DNA*  
St. Joseph Catholic School, Fort Atkinson

**5th Place:**

Ella Grace Last, *Fabric Softener Flammability*  
St. Joseph Catholic School, Fort Atkinson

**6th Place:**

Sonja Morales, *Biomes*  
St. Joseph Catholic School, Fort Atkinson

# Attention, future college students!

*If you have participated in the Fort Atkinson Regional Science Fair...  
and you plan to pursue a college degree in a field of science...  
and you could use \$1,000 to help pay for college...  
you are invited to apply for the annual FASF scholarship.*

Find the details on the Scholarship tab of our Science Fair website.

Must be a graduating high school senior. Applications are due by April 15.

FRIDAY

A photograph of two dark-colored dung beetles on a sandy surface. One beetle is on the left, facing right. The other beetle is on the right, pushing a large, round ball of brown dung. Three red hearts are floating above the dung ball. A speech bubble is positioned above the beetle on the left.

I brung you  
some dung.  
Will you be my  
Valentine?
